## TERMS ARE ACCEPTED. MANY PERSONS KILLED

Germany has accepted the armistice terms of the allies and the United States. The acceptance is the result of deliberations by the German chancellor, Prince Maximilian and the German high command at Spa, Belgium, where the allied terms for truce were sent by courier by the delegates in meeting with Marshal Foch.

The terms as accepted were framed by the inter-allied supreme war council at Versailles and given to Marshal Foch for transmission to the enemy at such time as it was asked for. According to a dispatch from Paris, Emperor William was at Spa, Belgium, when the terms were examined there by the army heads and the chancellor.

## MONETT CELEBRATES GREAT VICTORY

Bells and Whistles Announce the Good News. Men, Women and Children Join in Monster Parade.

The news that Germany had signed the terms of the armistice was announced at 2 o'clock Monday morning, by the blowing of the Frisco engine whistles and ringing of bells. The citizens were soon aroused and responded by shouts, shooting of anvils and parading the streets by the young men and boys. After an hour and a half of din, the noise subsided to give the people a little rest.

At 6 o'clock the celebration began anew and continued all day. The noise of bells and whistles was heard for many miles around the town.

Under direction of Mayor S. A. Chapell, the Commercial club and citizens a parade was formed at the watering trough, between 9 and 10 o'clock. Headed by Mr. Horton, mill shop man, dressed as Uncle Sam, and an immense flag behind which marched some of Monett's soldier boys who are home on furlough, Frisco employees, school children, shop girls the parade marched through the business section of the town, down the Frisco platform, and through the residence section.

The two immense railroad flags and a bell from a Frisco engine were carried by the shop employees, who left their work and paraded in their work clothing. The Monett township service flag was carried by the high school boys. A large number of boys and men carried guns, from which blank shells were fired at intervals. A small cannon was also in the parade.

Many women carrying flags, blowing whistles, beating on pans and ringing bells were in the procession.

All the business houses closed until 12 o'clock. In the afternoon many hundreds of people were down town. The shouting and cheering continued throughout the afternoon. Business places and residences were decorated with flags and the national bunting.

At six o'clock this evening there will be an auto parade and speaking in the evening. The parade will start from Central avenue and Broadway and will be led by the city marshal over the route selected and will wind up at the Elks Hall where prominent speakers will address the crowd.
